Gillespie Update March 2011

Once again, ***we have been blessed by God's image bearers*** who invite us to share with them and their community the exciting truths of God's Word from the very first verse. ***You encourage us*** in so many ways. This past Sunday, a Pastor asked his people to gather round us and pray for us as they sent us out to be missionaries to America. We praise God for pastors and churches who are catching the vision that God has given us. Because of your support, this first quarter of 2011 has been busy with conferences and meetings in

- Stryker, OH
- Kenton, OH
- Brunswick, OH
- Wadsworth, OH
- South Pointe, OH
- Bucyrus, OH
- Charlotte, NC
- Wesley Chapel, FL
- Carson City, MI
- Uniontown, PA

Exciting things are happening as you send us out to be your missionaries to America.

Recently we visited some missionary friends we had served with in Africa who now have a university ministry in Charlotte, NC. While there, I had an opportunity to present to some of these university students how we can trust the Bible from the first verse. As always, we left them with resources for further study. We were so encouraged that evening to see Facebook comments full of excitement and plans to visit the Creation Museum. Students were thrilled that they could, without embarrassment, trust the whole Word of God.

Although I have other opportunities coming up to speak to university students, the bulk of our

ministry is in churches in America. Most often, we are invited to hold a Sunday conference with 4 sessions covering the *7 C's of History*, *The Relevance of Genesis: The Key to Reclaiming the Culture*, *Dinosaurs and the Bible*, and *Creation Evangelism: Why Won't They Listen?* Other topics are available, and often churches will have Saturday evening sessions with a dinner to which the community is invited.

One way that we know people are catching the vision is when our resource table is alive with people purchasing books, DVDs and curriculum for further study and for use in their church and school programs. The questions that have convinced an entire generation that the Bible is a myth do have good scientific answers. Our goal is to equip the church of America to be able to give a reason for the hope that is in them. If we want people to listen to the message of the Cross, we must restore confidence in God's Word from the first verse.

We are so thankful for the ways you encourage us and minister to us as we share with you. We ask you to pray for:

- Clear thinking as I speak and as attendees listen
 - Open eyes and open hearts
 - Safe travels
 - A full schedule
 - Conferences/speaking engagements in April in Elizabethtown, KY; Dayton, OH; Castalia, OH; and Parkersburg, WV.

In Awe of God,
